Stakeholders identification and implementation of focus groups and expert interviews about regional development policy for CE

## List of stakeholders

The list below is an initial attempt to identify the relevant actors/stakeholders in top-down CE initiatives located in the EU and Asia. Therefore, it will be updated constantly with the newly identified stakeholders for the purpose of completing the deliverables related to WP4 (mostly D4.2) in the course of the PhD. The list will serve as a basis for establishing a primary network of stakeholders on regional level. The stakeholders are grouped by the type of the organization/institution and it contains the following groups:

1. Academic Institutions (*Already Project Partners*);
- 2. Local and governmental Authorities** (*Already Project Partners*);
3. Private organizations (*Already Project Partners*);
4. Academia (*Members of Expert Group for investigating risk and relationship management practices in circular supply chains*);
5. EU Parliament (*Members of Expert Group for investigating risk and relationship management practices in circular supply chains*);
6. EU Institutions (*newly identified*);
7. NGOs/Initiatives/Platforms/Hubs (*newly identified*);
8. Regional administration (*newly identified*);
9. Public Administration (*newly identified*);
10. Academic Institutions (*newly identified*).
